Compact Labyrinth game by fischertechnik

The ball game for the easter holidays

fischertechnik GmbH

Klaus-Fischer-Straße 1
72178 Waldachtal

Skill and accuracy are a necessity with the compact fischertechnik Labyrinth. Flex profiles allow a race track to be built that needs to be skilfully tilted to guide the steel ball into the goal through a series of obstacles. The handy game is available since March (RRP 14.99 euro)

Unleash your fantasy and equip the little fischertechnik Labyrinth with the tried and tested flex profiles. Guide the ball towards the goal through a series of flex profiles and obstacles by manually rotating and tilting the course. The playing field can be amended as desired, creating an exciting new game again and again. The Labyrinth contains 61 parts and is suitable for children aged seven and up.

The compact game is the perfect companion for travel during the Easter holidays providing fun and entertainment. It can be played alone or in groups.

The fischer Group of Companies

The fischer Group of Companies, headquartered in Waldachtal in Germany's northern Black Forest, generated sales of 1.14 billion euro in 2022 with a worldwide staff of 5,600 employees. The family-owned company operates 50 subsidiaries in 38 countries and exports to more than 120 countries. It includes the five divisions: fischer fixing systems, fischer Automotive, fischertechnik, fischer Consulting and fischer Electronic Solutions.

fischer fixing systems is the technological market leader in key areas of fixing technology. fischer offers products that deliver technical perfection to a wide range of customers, from do-it-yourselfers to tradespeople to key account partners.

fischer Automotive manufactures high-quality parts for vehicle interiors. The company is highly competent in the plastics processing segment and is an important partner for the automotive industry. Its range of products includes air vents, cup holders, trays and multi-function components.

With its construction kits, fischertechnik is active in both the toymaking and the educational sector. fischertechnik is one of the last remaining toy makers to exclusively develop and produce in Germany.

fischer Consulting evolved from the competence developed in the company itself, which includes the fischer ProcessSystem with its central aim of permanent improvement for the ultimate benefit of the customer. fischer Consulting advises small and medium-sized businesses, government agencies and major companies on their path towards lean and efficient processes.

fischer Electronic Solutions develops and manufactures electronic solutions including product and system developments based on the latest technology as well as custom production orders processed in the company's own production facilities. As an experienced provider of development and production services for custom systems such as multi-touch solutions made of glass and the corresponding controller units, fischer Electronic Solutions forms the perfect link between the customer and the final product.
